

McCarthyism

was **WRONG** in the 1950s...

SENATOR JOE MCCARTHY, 1950s

U.S. ATTORNEY PATRICK FITZGERALD

Why is U.S. Attorney Patrick Fitzgerald bringing it back today?!

U.S. Attorney Patrick Fitzgerald is heading up the Grand Jury that is attacking anti-war & international solidarity activists in the Midwest. He's responsible for the raids on anti-war activists' homes & offices on September 24. His Grand Jury witch hunt is menacing activists with jail on outrageous allegations of supposedly providing "material aid to terrorism". Fitzgerald is using "terrorism" the way McCarthy used "communism" - to carry out a witch hunt against those who speak out against US government policies. It's real purpose is to discredit and punish people for their ideas.

FITZGERALD'S MCCARTHYIST WITCH HUNT AGAINST ANTI-WAR & SOLIDARITY ACTIVISTS MUST BE STOPPED!

Contact President Obama—202-456-1111 or www.whitehouse.gov/contact and Attorney General Eric Holder— 202-353-1555 or askdoj@usdoj.gov.

Demand that they stop the grand jury witch hunt against anti-war activists now!
